

## TROOPS TO BE WITHDRAWN

Matters Are Resuming Their Normal Conditions in Berkley.

### NO ARREST YET BEEN MADE

Chief Veilnes Refuses to be Reduced to Ranks and Leaves the Police Force.

(Special to The Times-Dispatch.)  
NORFOLK, Va., October 26.—Conditions in Berkley are resuming their normal status, and the troops will all be withdrawn in the morning. Half of the company was relieved of duty this afternoon.

Detectives are still endeavoring to put the blame of the killing of Blount, but are as yet in the dark.

Police Chief Boutwell yesterday, and went on duty today. Former Chief Veilnes refused to be reduced to the ranks, and quit the force, of which he had been a member over a quarter of a century.

The Merritt and Chapman Derrick and Wrecking Company's wrecking tug Rescue, with a full wrecking expedition under the command of Captain Charles L. Nelson, left here in great haste this morning for Abaco, in the Bahamas Islands, where the new and powerful American tugboat Massachusetts is ashore in a perilous position. An additional expedition leaves New York tonight on the Merritt and Chapman wrecking tug J. J. Merritt to work on the Massachusetts.

The stranded vessel was built by the New York Shipbuilding Company at Camden, N. J., in 1902, for the Atlantic Transport Company of West Virginia as a trans-Atlantic freighter. The vessel is a powerful twin-screw, steel steamship of 7,250 tons, 400 feet long, 55 feet beam, and 24 feet deep. She is a three-decker, and carries four masts.

The Massachusetts, when she stranded, was bound from Cardiff to New Orleans with a full cargo of Welsh coal.

There are four in upper marine circles that the great vessel cannot be saved. At the State Board of Fisheries' meeting to-day an oyster packer stated that the outlook is that the Norfolk packers, who are accustomed to pack and ship each season perhaps 100,000 gallons of oysters, will this season hardly get more than half so many.

A member of the board reported him, saying: "How does it come that these packers each handle 100,000 gallons of oysters, and that they are not ruined by the disease?" The board has received from all of them for the past season only about 100,000 gallons of oysters, and the board has not received anything; that the Norfolk Oyster Packers' Association had not yet turned in to the board anything. Then a debate ensued in which it was said that the packers to this matter have been so far from success.

Then the oyster packer who had started to tell about the appalling straits facing the Norfolk packers, explained that he wanted more inspectors appointed, and it was decided whether eleven or twelve could be sent to the waters in this vicinity. This debate was between packers and individual members of the board.

Meanwhile, a Norfolk packer, who stated that he was not a member of the packers' Association, said he had paid \$25, which he stated was every cent he owed the State, and that he held a receipt for the same. He was called upon by Mr. Miller, secretary of the board, to furnish the names of such packers, as like himself, as members of the Norfolk Association.

At the junction the meeting was decided to be a private one and the press was asked to withdraw.

## SMALL SALE OF TOBACCO

Warehouses Have Offerings Which Bring Good Prices, Considering Quality.

There were small offerings of leaf tobacco at the several warehouses yesterday, and the indications last night were that a few lots would be offered to-day. The seasonable weather of yesterday and this day before, with the prospect of a warm rain are expected to cause a considerable inflow of leaf tobacco early next week and some the latter part of the present week.

Shelburne's warehouses yesterday had small sales, one lot of Havana secured leaf bringing \$15.50, the best price of the present season. Even this does not represent the top range of prices, the best grades not having yet been marketed. Mr. Hazell, proprietor of Shookoe, sold twelve or fifteen piles yesterday, the best offered bringing \$10.15. Both these houses expect small offerings to-day, and several wagons were in at Crenshaw's yesterday.

Mr. M. H. Irvine, formerly of Danville and the North Carolina markets, but now located in Havana, as representative of the American Tobacco Company, was among yesterday's visitors to the city.

The underwriters' agents have appointed the damage to the R. A. Patterson Tobacco Company as a result of last week's fire, and fixed the liability for damage at about sixty thousand dollars.

The company cannot definitely ascertain its loss until the value of the salvage can be known. The building, stock and machinery were valued in the aggregate at about \$140,000. The burned factory will be rebuilt with the least practicable delay.

Meanwhile, a Norfolk packer, who stated that he was not a member of the packers' Association, said he had paid \$25, which he stated was every cent he owed the State, and that he held a receipt for the same. He was called upon by Mr. Miller, secretary of the board, to furnish the names of such packers, as like himself, as members of the Norfolk Association.

## BIG GAMES ON GRIDIRON

Some of the Hardest Contests of the Season Occur Saturday.

The city is being billed and placarded for the first big foot-ball game of the season and the first appearance in this city of the University of Virginia eleven. The University will play the Virginia Polytechnic Institute at Broad-Street Park on the afternoon of November 5th. The two schools are old antagonists, and for several years have been sufficiently well matched to insure a close and hard game, though the cadets have never won from the Varsity. This year the University of Virginia is regarded as being about as strong as usual, and the V. P. I. apparently is up to its usual standard or nearly so.

In the game between the two teams the University will be weakened by the inability of three or four of its most brilliant players. Council, Johnson, and Spates, and Pollard are among those who cannot play this year in games among colleges within this State. On the other hand, the Blacksburg eleven has lost several of its brilliant players of last year, and has been deprived of the services as coach of Carpenter, its great half-back and field general. Such being the case the two teams should be well matched.

The University of Virginia will play its strongest line-up against the Cardinals Indians at Norfolk next Saturday. The Indians, too, have one of the strongest eleven in recent years, having been beaten but once, and that by Harvard last Saturday, the crimson team winning by two touchdowns. The Indians have some of last year's brilliant team again, among them being Lube, Dillon, Sheldon, Charles, Hendricks, and Jude. Williams and Johnson are not with the team, and Schouchuk, the Equilibrium centre, are not in the line-up.

The above is a version of the ordinance as it should be for in the printed copy the first part reads: public theatres or other public rooms fitted for public exhibitions, where no admission is charged, \$50. It will be interesting to note whether the mistake will affect the validity of the ordinance.

Persons and Briefs.

A fire drill was successfully conducted at the Western public school yesterday morning.

The Central Parker-Davis-Lamb Club will hold a meeting in the courthouse Saturday night. Hon. John Lamb, John Garland Pollard and perhaps, Judge Ingram will be the speakers.

The "Orioles" will have a meeting Saturday night week, and will be addressed by Charles T. Bland and D. C. O'Harety.

John M. Ryall and George Hanson will speak before a Republican gathering at Ninth and Hull Streets, Saturday night. Squire Gooden and Mr. Joseph Mendenhall were appointed a committee by the Chesterfield county Board of Supervisors to select a site for a courthouse in Oak Grove.

Miss Mattie Welgier, of Afton, is the guest of Mrs. R. B. Pettigrew. Miss Carrie Bagley, of Lawrenceville, who was present at the Gregory-Pettigrew wedding, left yesterday for Farmville.

Marshall Wins Chess.

ST. LOUIS, Mo., Oct. 26.—Frank J. Marshall, of New York, won the championship of the United States in the chess tournament finished to-night.

NEW YORK, October 26.—The presentation of evidence by the defendant companies in the hearing on the complaint of William Randolph Hearst against the anthracite coal carriers, alleging collusion in charging excessive and extortionate prices, was begun before the Interstate Commerce Commission to-day.

Counsel for the complainant read a statement of the Lackawanna Railroad, showing the cost of producing coal had increased in 1900 and 1904. Mr. Shearn declared that the increased cost to the consumer was \$1 in that same period. The profits, he said, in the total output figured from these statements would amount to \$300 in four years to the alleged "conspirators."

George Brownell, of Erie, objected to the statement, claiming that it was misleading and untrue. He declared that the figures quoted showed only the item of increase for labor.

Respectable Looking Young Man Wanted by the Police.

### HOLDS SECRET SESSION

Alms-house Committee Excludes Even Mr. Allen From Meeting and Will Say Nothing.

(Special to The Times-Dispatch.)  
MANCHESTER, N. H., Oct. 26.—The Manchester police are on the look out for a very respectable appearing man of good address and pleasing manners about thirty-five years of age, representing himself to be an employee of the Standard Oil Company, who went yesterday to a house on East Sixth Street and applied for a board. The lady of the house said that she did not take boarders. Before going the man asked for a drink of water. The lady stepped back into the rear of the house to get the water and when she returned, found that a handsome meerschaum pipe and a pair of gold eye-glasses, which were on a dresser, near the door, were missing.

A man supposed to be the same, later called at a house on West Twelfth Street, where he represented himself to be an employee of the Stephen Putney Shoe Co., of the same request. Here he was introduced to a lady clerk of the Stephen Putney Shoe Company and showed much embarrassment. He was taken off his guard and decamped as soon as possible without waiting to see whether he could procure board. Nothing further has been heard of him.

Miss Ruth Jennings, of Lynchburg, president of the organization, presided with due dignity and grace and after prayer by Rev. Dr. Starr, Mrs. Wm. H. McKenney, president of the Petersburg Chapter, welcomed the visiting ladies in an admirable little address, to which Miss Jennings appropriately responded.

Taggart Is Hopeful.

Democratic Chairman Is With Bryan in Indiana.

(By Associated Press.)  
HARMON, IND., Oct. 27.—William J. Bryan's tour of Indiana ended here to-night with two big meetings. Chairman Taggart joined Mr. Bryan at Logansport.

At two meetings to-day Mr. Taggart met some of the State leaders, but made no speeches. On the train Chairman Taggart had a talk with Mr. Bryan, who has spoken in West Virginia, Ohio and Indiana, and the political situation was discussed. Mr. Taggart said he was very much interested in the outcome of the election in Indiana and Mr. Bryan expressed himself as pleased with the outlook in Indiana.

"What I have seen in the counties and towns of Indiana that I visited to-day convinced me that the new law is a better condition politically than it has been for the last fifteen years. Every indication points to Democratic success in Indiana's fall elections, and very favorable indications in New Jersey, Connecticut, Maryland and West Virginia."

In his speech here, Mr. Bryan said: "Judge Taggart, before the court will open every reform in which I am interested, by removing from the arena of politics the questions which now divert public attention from economic and industrial problems. President Roosevelt's election would delay every reform in which I am interested by keeping imperialism and kindred issues before the court and no one can tell what new issues his warlike spirit may compel us to meet during the next four years."
